FOREWORD

It gives me an immense pleasure to present the Annual Report of Jamia Millia Islamia for the academic year ending March 31, 2020.

The Annual Report 2019-20 presents the data and statistics of achievements and all-round growth of the university. The report comprehensively aggregates the scholastic and co-scholastic activities undertaken by various faculties, departments and centers of teaching and research during the period.

Jamia Millia Islamia is one of the fastest growing Research-Intensive University accredited by NAAC with "A" Grade and have submitted SSR for 2nd Cycle assessment of NAAC for which a PTV is expected. It has emerged as an ensemble of a multi-layered educational system that covers all aspects of education, schooling, under-graduate, post-graduate and M.Phil/ Ph.D research programmes.

In the National Institutional Ranking Framework (NIRF) 2020 Jamia Millia Islamia figures among top ten universities of the nation. It has secured 16th position in the overall ranking amongst 3771 institutes that includes premiere technical and non-technical institutions of India. The Centre of Management Studies is placed at the 34th position while Faculty of Architecture is at 10th position, Faculty of Engineering and Technology at 28th position, Faculty of Law at the 9th position and Faculty of Dentistry is placed at 19th Position.

JMI has been listed among 601-800 by the prestigious Times Higher Education (THE) World University Ranking-2020 out of 1527 global universities. It has been placed amongst 751-800 by QS ranking (UK) and 538 by Round University Ranking (RUR, Moscow). We are ranked at 192 by THE-Asia and QS BRICS ranking for the year 2020.

Several academic activities like conferences, seminars, symposia, workshops, MHRD's Global Initiative of Academic Networks (GIAN) courses, MOOCS courses, national and international collaborations speak volumes of the deep academic engagement of the faculty members and the proactive approach of the administration in putting the institution on a growth trajectory. Research projects, both at individual and institutional levels and the ever-increasing number of publications reflect the research orientation of the university. All these have led to an increase in the university's *h-index*, citations and overall ranking.

I thank Dr. Z. A. Ansari, Professor, Centre for Interdisciplinary Research in Basic Sciences, JMI for developing an online portal, and her team for coordination and compilation of the Annual Report. Thanks are due to Prof. Indu Virendra, and her colleagues for the Hindi version of the report.

I also thank the Registrar, Mr. A. P. Siddiqui (IPS), for the administrative support in preparing the Report.

I also appreciate the efforts made by Assistant Registrar, Academic and Council Branch (A&C) and other staff of A&C in facilitating the collection of information and bringing out the report on time.

ABOUT JAMIA MILLIA ISLAMIA

Establishment

Jamia Millia Islamia, a Public Central University; has been established in 1920, originally at Aligarh in United Provinces which in 1925 initially moved to Karol Bagh, Delhi and later built up in Jamia Nagar. In 1988, it became the Central University by an Act of Parliament since then it is expanding in different directions achieving the new dimensions.

The University is the result of the tireless efforts of its founders, such as Shaikhul Hind Maulana Mahmud Hasan, Maulana Muhammad Ali Jauhar, Hakim Ajmal Khan, Dr. Mukhtar Ahmad Ansari, Jenab Abdul Majeed Khwaja and Dr. Zakir Husain. It symbolizes the unflinching and resolute commitment of these great visionaries in bringing about socio-economic transformation of common masses in general and Muslims in particular through the vehicle of education. The distinct identity of Jamia Millia Islamia has been eloquently explicated by Dr. Zakir Husain Sahib.

Jamia Millia Islamia is basically originated as the movement of a struggle for education and cultural renaissance against the colonial regime and evolves a national culture for common Indian. It's foundation is to promote patriotism and national integration among Indians, who will be proud to take part in the future progress of India, which will play its part in the comity of nations for peace and development and to prepare the children of masses in general and Muslims in particular to be the masters of the future in different subjects/disciplines of their choice.

The mission of the founding fathers of this great institution should not only serve as a beacon light for all the stakeholders, but should also inspire all in making this university as one of the premier institutions of higher learning in the world. It should attain distinction in providing cutting edge learning experience, internationally benchmarked education, intellectual freedom and critical research opportunities in frontier areas of contemporary concern.

Today, Jamia Millia Islamia is an “A” grade Central University accredited by NAAC and is an ensemble of a multi layered educational system which covers all aspects of schooling, under-graduate and post-graduate education. We have submitted SSR for 2nd Cycle assessment and expecting a Peer Team Visit for the final interaction and award of the grade.

The university recognizes that teaching and research are complementary activities that can advance its long-term interest. It has Natural Sciences, Social Sciences, Engineering & Technology, Education, Humanities & Languages, Architecture & Ekistics, Fine Arts, Law and Dentistry Faculties. Also, it has a well-known AJK Mass Communication Research Centre. Jamia has over thirty research centres that have given it an edge in terms of critical research in various areas. Some of these are Centre for Peace and Conflict Resolution; Academy of International Studies; Centre for Culture, Media and Governance; Centre for Dalit and Minorities Studies; Centre for Nano sciences and Nanotechnology; FTK Centre for Information Technology; Centre for Management Studies; Dr. K.R. Narayanan Centre for Dalit & Minority Studies; Centre for West Asian Studies; Centre for Physiotherapy & Rehabilitation Sciences; Centre for Theoretical Physics, Centre for Interdisciplinary Research in Basic Sciences and Multidisciplinary Centre for Advanced Research and Studies.

Jamia Millia Islamia conducts entrance tests for admission to Undergraduate, Postgraduate, M.Phil. and Ph.D. as well as Diploma and Certificate Programmes. Jamia Millia Islamia continues to cater to the interests of students from all communities, but also aims to meet the particular needs of the disadvantaged sections of the Muslim society. True to the legacy of its founders, it continues to support measures for affirmative action and foster the goals of building a secular and modern system of integrated education. Significance of the Logo

Right on the top is a star with the inscription - Allah-O-Akbar. When in dark nights poor travelers have to travel jungles and there is no one to show them the way, they chart their course with the help of stars. The star of Allah-O-Akbar is the guiding star of Jamia. Its eyes are fixed on this star which shows it the path in the darkling world. It reflects the truth that Allah is the greatest and he who bows his head before Him only, discovers the truth. Having bowed before Him, how can the head bow before anything else? Beneath this glittering star is a book with the inscription, *Allammal Insaana Maalam Yalam* (Taught man that which he knew not). This is a verse from the Holy Quran. Through the Holy Quran, Allah has revealed His Will to His differences of caste, class, colour, of master and slave, and became true to His tenets. This book led from darkness to light, and placed the wayward and lost on the Straight Path. The Prophet made an example of his own life. By the light of his eyes and the warmth of his heart, He prepared a group of good persons who cleaned the world of evil and spread the Word of God. On both sides of the Book are two date trees typical of the land where God's last Prophet was born. They are symbolic of the barren valley in which nothing grew; but it was there that the sapling of din took root. These trees are emblems of hope from a land in which not a leaf or flower could sprout; but wherein suddenly the springs of hidaya (guidance) burst forth and drenched the communities of the heart. They are a source of consolation for people who became disheartened with adverse circumstances. Why do external factors make them lose hope?

At the very bottom is a tiny crescent which reads - *Jamia Millia Islamia* in Arabic. This crescent is small but just as it expands to become the full moon on the fourteenth night, so also Jamia. Meaning that this is the beginning of our work. It will expand to become the full moon and a source of delight for the eye of its beholder.

Panoramic Profile

Jamia Millia Islamia has a historical and distinctive place in the country's academic scenario. This institution places a premium on innovative teaching and professional training. Over the years, Jamia has emerged as a seat of learning that underscores the cultural and religious diversity of India, emphasizing the inclusive spirit of the country. It has inculcated a spirit of learning that blends tradition with modernity, humanism with liberalism, and nation building with professionalism. Jamia's strength lies in its ability to cull from the past in order to address the present and forge the future. Educators and researchers have contributed to expanding knowledge in all the faculties, departments and Centres of Jamia Millia Islamia. Jamia has —unwavering commitment to excellence, and to maintain the quality of education as well as research.
